Cassiopeia 3 is house suitable for a family of 4-6 people. Two-storey house was covered by hipped roof. A compact and a simple form of house with the garage built in was varied by clinker facing and arcades - the entrance and garden. The project house we put special emphasis on the purity and simplicity of form building. Frugal detail block adds elegance. The interior is also planned so that the rooms were clear divisions - no corridors, and the rooms themselves were spacious and had optimal shape. The interior of the ground floor are: living area consisting of a living room with dining area, lounge area, partly open kitchen and utility room and garage. On the first floor are: three bedrooms with dressing rooms and built in wardrobes and the large bathroom. Additionally there is a possibility to economize an additional fourth room on the first floor by delated a dressing room. Cassiopeia 3 house plan has also a mirror version.
