	Septic tanks sealed package	bezpl.

Margaret house plan is a family house with attic for a family of four to six people. House was built on a square plan 9,5 x 9,5 m and was covered by a gable roof. The essence of the project is simplicity solid in connection with well-chosen proportions and an interesting detail. House was designed in bricks technology. Inside, the building is divided into a living part on the ground floor and bedrooms in the attic. At the bottom, besides a large living room with dining area, lounge and open kitchen and an extra room was designed - study or bedroom, wc with shower, and a boiler room. In the attic there are three comfortable bedrooms and a large bathroom. Master bedroom has an additional dressing room..
