Simple house plan is a detached house for a family of four to six people, covered by a gable roof. The house is a suburban villa with a modern but quiet architecture. The compact shape of the building with a large roofed arcade on the back of the house, was curiously decorated with clinker and wooden cladding façade and loggias and arcade entrance. The massive ornamental fireplace of internal chimney or corner windows - it's extra ornaments. All elements form a coherent, calm compositionally whole. In the house Simple, on the ground floor is a large living room with dining area and hall, with a partially open kitchen, and an extra room - office or guest bedroom. In the attic there were bedrooms, with a separate parents apartment, and its own bathroom, dressing room and balcony overlooking the garden. On the ground floor by a wide glazing planned exit from the living room to a large arcades and on the garden terrace. There is also available mirror version of this house plan.
