Pine 3 house plan is the next version of the Pine house. This is single-family house can be a holiday or year-round house. This time, we present a house with a porch entrance, and a utility room with a separate entrance. Pine 3 house is suitable for heating boiler or fireplace. On the ground floor there is a living room with stairs, fireplace, exit to the terrace, a kitchen and a bathroom. On the top floor there are two bedrooms of similar size. Thanks to the simple construction house is easy and inexpensive to build. House will perfectly fulfill the role of holiday house or a small family house. We have a mirror version of the Pine 3 house plan.
