Wooden Pine house plan is a small, shapely house, which could serve as a holiday or a year-round house. Its advantages are proper proportions giving the aesthetic appearance of the building, functional interior and a simple, construction inexpensive in build. We have also many other version of Pine with changed dimensions, e. g. : extended by 0.5 m - without balcony, extended by 1.5 m (with utility room next to the kitchen), with an entrance porch. Wooden pine house plan is also available in a mirror versions.
