Amber house plan is a single-family house for 4 - 5 people. This house plan has a simple body covered by a gable roof. Amber is an economical and simple in building. Inside the house besides spacious living room there are also three bedrooms, bathroom and utility room. In this house plan the central heating boiler may be alternatively in the room next to the entrance, or in case of solid fuel boiler room - in the room behind the garage. There is also a mirror version of this house plan..
