	Septic tanks sealed package	bezpł.

Florida Residence house plan is a project of a luxury residence, our largest offer from the series of Florida Willa houses. This time, due to the size and unique style of the house, he received the well-deserved name Florida Residence. This house is a truly luxurious, extremely comfortable residence - an apartment for any large family. The house have a large area. It is the fulfillment of the dream of a super luxury home, in which the residents will always feel comfort, space. The house is a modern villa. The facades of the house are open with large glazed windows to the garden. This is not a home for modesty. The house consists of two blocks, connected and forming the letter L, closing the extensive terraces and garden in a small enclave. A representative entrance directs us straight to the interior of the house. From the entrance we see a two-storey living room with large glazed windows that open the interior to the garden. To the left we have a kitchen, a dining room and a set of auxiliary rooms. At the entrance to the right we have a beautiful office. Next, we go to a very large garage with a shed, utility rooms, and - in the second block, to the extended part of the recreation and sports part, with a gym and mini Spa. On the first floor we have several separate children's apartments and for guests, and a luxury parents' bedroom, with a wardrobe. The Florida residence is certainly a house for people with a really thick wallet. If you decide to build a house you will have big and luxury house.
